

Mental Health and Well-Being in the Age of COVID: Equity, Diversity, and Inclusion Implications and Practices

Free
Webinar

includes 1 CEU for Social
Workers and Counselors

Friday
July 22, 2022
10 -11 am

Please join us to engage in a discussion for better understanding how issues related to equity, diversity and inclusion can impact mental health treatment for marginalized populations and how we can each effect opportunities for access to appropriate and meaningful care.

This Webinar will provide tools to:

- Identify principles and practices of equity, diversity and inclusion in relation to mental health
- Understand access/obstacles/underlying implications to mental health services within minority populations
- Learn how COVID has disproportionately impacted under-represented racial and ethnic groups within higher education
- Improve mental health opportunity and outcome for marginalized populations
- Provide effective, best practices and strategies for inclusion
